

1st Winter Herring Gull
With colour rings

Date: Friday 8th October 2004

Time: 9.30am

Location: Whiteness, Kingsgate, Thanet Kent UK

Observers: Craig Sammels

Ring Combinations:

Left leg Red Darvic Ring

Right leg metal / maybe light green? Unable to record any details

A 1st year **Herring Gull** with **(Red Darvic ring on its left leg. And on the right Leg a smaller pale Green ring)** but was unable to get any numbers or letters on ether Rings.

Possible information on the likely place where this bird was ringed: There is a scheme in place at Landguard Bird Observatory in Suffolk with these combinations!!!!
