

Herring Gull – *Larus argentatus argenteus*

White Darvic with black code **A3GX** – metal BTO ring **GN82622**

Rings fitted on 16th August 2005, by Richard Thompson – RSPCA Wildlife officer at Fairlight, East Sussex - after the bird had been brought in from Dymchurch, Kent. All of Richard's birds are released at Pett Levels, near Whinchelsea. However, no details of this date have been forwarded.
