# **RINGING/COLOUR RINGING PROGRAMME OF MEDITERRANEAN GULLS**

## **Report of all birds observed by one observer**

Dear,  
Thank you very much for your sightings of colour ringed Mediterranean Gulls. These are a valuable contribution to our project, which aims to obtain information on movements and population dynamics of Mediterranean Gulls breeding in Europe. Enclosed you find full information on the bird you reported. Please check your sightings and report any mistakes to us. In case of missing coordinates (xx.xx N, xx.xx E/W), we would be grateful if you could provide these. We kindly ask you to treat the information enclosed as confidential. Hoping to hear from you again,  
Yours sincerely,  
Renaud FLAMANT
