

GARDEN MOTHS 2005

2 x 125 mv Skinner type traps run in Ramsgate back Garden: (sun-glasses advisable if you're planning an after-dark visit)

Micro's.

Tisheriidae

0125 *Emmetia Marginea*: From June 17th.

Tineidae

0229 *Monopis Obviella*: From May 25th to November 2nd.

0246 *Tinea Semifulvella*: From May 29th.

Gracillariidae

0287 *Caloptilia Robustella*: 1 on June 17th.

0293 *Caloptilia Syringella* – from April 26th.

Choreutidae

0385 *Anthoiphila Fabriciana*: 1 on June 24th. Not at light.

Yponomeutidae

0424 *Yponomeuta Evonymella* {**Bird-Cherry Ermine**} From June 23rd.

0425 *Yponomeuta Padella* (**Orchard Ermine**) From July 12th.

0427 *Yponomeuta Cagnagella* {**Spindle Ermine**} 1 on July 1st.

0430 *Yponomeuta Plumbella*: 1 on August 31st.

0449 *Prays Fraxinella*: 2 on June 17th.

Plutellinae

0453 *Ypsolopha Dentalla* {**Honeysuckle Moth**} Zilcho - for the second consecutive year.

0455 *Ypsolopha Scabrella*: A few from August 10th.

0464 *Plutella Xylostella* {**Diamond-back Moth**} From May 4th to November 23rd with a peak of only 6 on July 27th.

Month totals: May: 4. June = 3. July = 19. August 7. September = 1. October = 9. November = 19.

Oecophoridae

0640 *Batia Lunaris*: 2 on June 22nd.

0642 *Batia Unitella*: singles on July 14th and 21st.

0647 *Hofmannophila Pseudospretella* {**Brown House Moth**} Regular from June onwards.

0648 *Endrosis Sarcitrella* {**White-shouldered House Moth**} Common in small numbers between April 12th and October 11th.

0649 *Esperia Sulpherella*: 1 on May 5th.

0658 *Carcina Quercana*: from August 11th.

0695 *Agonopterix Alstromeriana*: A few taken from March 17th onward.

0697 *Agonopterix Arenella*: August 17th.

Ethmiidae

0720 *Ethmia Bipunctella*: Singles on August 1st and 3rd new moths to the garden.

Blastobasidae

0873 **Blastobasis Lignea**: regular from July 3rd.

0874 **Blastobasis Decolorella**: regular between June 21st and November 2nd.

Tortrix

0932 **Phalonidia Affinata**: 1 on July 21st.

0937 **Agapeta Hamana**: common from June 7th.

0938 **Agapeta Zoegana**: 1 on June 18th was a new moth for the garden.

0951 **Aethes Beatricella**: From May 26th.

0964 **Cochylis Dubitana**: 1 on June 19th.

0965 **Cochylis Hybridella**: common.

0966 **Cochylis Atricapitana**: from June 5th.

0969 **Pandemis Corylana** {**Chequered Fruit-Tree Tortrix**} from June 22nd.

0970 **Pandemis Cerasana** {**Barred Fruit-Tree Tortrix**} June 20th.

0972 **Pandemis Heperana** {**Dark Fruit-Tree Tortrix**}

0977 **Archips Podana** {**Large Fruit-Tree Tortrix**} from June 22nd.

0985 **Cacoecimorpha Pronubana** (**Carnation Tortrix**) from June 16th.

0989 **Aphelia Paleana** (**Timothy Tortrix**) singles from July 14th.

0994 **Clepsis Consimilana**: from June 16th.

0998 **Epiphyas Postvittana** {**Light Brown Apple Moth**} Very common between January 12th and December 23rd.

1002 **Lozotaenia Forsterana**: From June 2nd.

1010 **Ditula Angustiorana** {**Red-barred Tortrix**} 1 on June 20th.

1011 **Pseudargyrotoza Conwagana**: Regular from May 26th.

1115 **Ancylis Achatana**: June 19th.

1016 **Cnephasia Longana**: 1 on July 23rd.

1020 **Cnephasia Stephenasiana** {**Grey Tortrix**} From June 30th.

1021 **Cnephasia Asseclana** {**Flax Tortrix**} July 2nd.

1024 **Cnephasia Incertana** {**Light Grey Tortrix**} from June 13th.

1025 **Tortricodes Alternella**: 1 on March 21st.

1032 **Aleimma Loefflingiana**: from July 1st.

1033 **Tortrix Viridana** {**Green Oak Tortrix**} From June 11th.

1036 **Acleris Forsskaleana**: from July 10th.

1041 **Acleris Sparsana**: singles on October 4th, 9th, 16th and 29th.

1042 **Acleris Rhombana** (**Rhomboid Tortrix**) singles on October 5th and 8th.

1048 **Acleris Variegana** {**Garden Rose Tortrix**} from July 13th to October 9th.

1054 **Acleris Cristana**: 1 on July 19th.

1063 **Celypha Striana**: 1 on June 4th.

1064 **Celypha Rosaceana**: July 2nd.

1076 **Celypha Lacunana**: Common from May 27th into September.

1082 **Hedya Pruniana** {**Plum Tortrix**} from June 4th.

1083 **Hedya Nubiferana** {**Marbled Orchard Tortrix**} regular from June 17th.

1092 **Apotomis Turbidana**: 1 on June 29th a new moth for the garden.

1093 **Apotomis Betuletana**: 1 on June 29th.

1108 **Lobesia Absciana**: from July 14th.

1109 **Lobesia Littoralis**: 1 on July 25th.

1113 **Eudemis Profundana**: 1 on July 21st.

1136 **Epinontia Immundana**: 1 on June 29th.

1157 **Crociosema Plebejana**: 1 on November 2nd.

1168 **Gypsonoma Sociana**: June 20th.

1169 **Gypsonoma Dealbana**:

1174 **Epiblema Cynosbatella**: Common from May 25th.

1175 **Epiblema Uddmanniana** {**Bramble Shoot Moth**} regular from June 20th.

1176 **Epiblema Trimaculana**: from June 19th.

1183 **Epiblema Foenella**: singles on July 10th, 14th, 21st and 28th.

1199 **Eucosma Pupillana**: 1 on July 28th.

1201 **Eucosma Cana**: Regular from June 17th.

1204 **Thiodia Citrana**: 1 on July 18th.

- 1205 *Spilonota Ocellana* {**Bud Moth**}:
 1207 *Clavigesta Purdeyi* {**Pine Leaf-Mining Moth**} 1 on July 21st.
 1210 *Rhyacionia Buoliana*: (**Pine Shoot Moth**) June 22nd, July 1st, 9th, 10th, 2 on 12th, 17th, 18th and 24th.
 1216 *Enarmonia Formosana*: (**Cherry Bark Moth**) 1 on July 12th.
 1259 *Cydia Fagiglandana*: 1 on June 11th – a new moth to the garden.
 1260 *Cydia Splendana*: from June 21st.
 1261 *Cydia Pomonella* {**Codling Moth**} from May 27th.

Alucitidae

- 1288 *Alucita Hexadactyla* {**Twenty-plume Moth**} From July 4th to September 18th.

Pyralids

- 1289 *Euchromius Ocella*: 1 on June 17th a new moth to the garden.
 1290 *Chilo Phragmitella*: 1 on July 24th.
 1293 *Chrysoteuchia Culmella*: common.
 1301 *Crambus Lathoniellus*: From June 14th.
 1302 *Crambus Perlella*: from June 18th.
 1303 *Agriphila Selasella*: 1 on August 11th.
 1304 *Agriphila Straminella*:
 1305 *Agriphila Tristella*: August 2nd. Obviously unrecorded prior to this?
 1306 *Agriphila Inquinatea*: 1 on August 17th.
 1307 *Agriphila Latistria*: August 19th to September 6th.
 1309 *Agriphila Geniculea*: from August 19th.
 1328 *Schoenobius Gigantella*: Singles on July 3rd and 19th.
 1331 *Acentria Ephemerella* {**Water Veneer**} 1 on July 14th.
 1332 *Scoparia Subfusca*: from June 19th.
 1333 *Scoparia Pyralella*: from June 9th.
 1334 *Scoparia Ambigualis*: From June 15th.
 1336 *Eudonia Pallida*: June 9th.
 1342 *Eudonia Angustea*: Common – from April 15th until October 27th. A late one turned up on December 21st.
 1344 *Eudonia Mercurella*: From June 16th.
 1345 *Elophila Nyphaea* (**Brown China-Mark**) 1 on September 1st.
 1348 *Parapoinx Stratitata* {**Ringed China-Mark**} 1 on August 6th.
 1354 *Cataclysmia Lemnata*: 1 on June 16th.
 1356 *Evergestis Forficalis* {**Garden Pebble**} From May 19th to ???
 1357 *Evergestis Extimalis*: from June 16th.
 1361 *Pyrausta Aurata*: from July 28th.
 1365 *Pyrausta Deapicata* {*Cespitalis*} 1 on August 17th.
 1375 *Ostrinia Nubilalis* {**European Corn-Borer**} from June 20th.
 1376 *Eurrhynx Hortulana* {**Small Magpie**} from June 17th.
 1378 *Phlyctaenia Coronata*: from June 20th.
 1390 *Udea Prunalis*: Singles on June 19th, July 14th and 23rd.
 1392 *Udea Olivalis*: from June 19th.
 1395 *Udea Ferrugalis* {**Rusty Dot Pearl**} 1 on October 14th then in November 1 on the 6th and 2 on the 10th.
 Monthly totals: October = 1. November = 3.
 1398 *Nomophila Noctuella* (**Rush Veneer**) In October: 2 on 31st then in November singles on 3 dates until the 5th.
 Monthly totals: October = 2. November = 3.
 1405 *Pleuroptya Ruralis* {**Mother of Pearl**} from July 13th.
 1408 *Palpita Vitrealis*: 1 on October 30th.
 1413 *Hypsopygia Costalis* {**Gold Triangle**} Singles on July 1st, 17th,
 1414 *Synaphe Punctalis*: Singles on June 26th, July 16th and 18th.
 1417 *Pyralis Farinalis* (**Meal Moth**) singles on June 23rd, 25th, July 17th, August 15th, September 18th, 21st then October 8th and 9th.
 1421 *Aglossa Pingualis* (**Large Tabby**) 2 on July 14th then singles on July 28th and August 8th.

- 1424 **Endotricha Flammealis**: From June 21st.
 1425 **Galleria Mellonella** {**Wax Moth**} 1 on July 31st.
 1428 **Aphomia Sociella** (**Bee Moth**) from June 11th.
 1439 **Trachycera Advenella**: From July 10th.
 1441 **Oncocera Semirubella**: 1 on July 30th.
 1443 **Pempelia Genistella**: 1 on July 20th.
 1454 **Dioryctria Abietella**: 1 on July 9th.
 1458 **Myeolis Circumvoluta** (**Thistle Ermine**) From June 13th.
 1467 **Ancylosis Oblitella**: 1 on September 5th a new moth for the garden.
 1469 **Euzophera Cinerosella**: 1 on June 17th.
 1470 **Euzophera Pinguis**: 1 on July 14th.
 1474 **Ephistia Parasitella**: from June 5th.

Pterophoridae

- 1497 **Amblyptilia Acanthadactyla**: 1 on November 3rd.
 1513 **Pterophorus Pentadactyla** {**White Plume Moth**} 1 on June 23rd.
 1517 **Adaina Microdactyla**: singles on August 8th and 10th.
 1524 **Emmelina Monodactyla**: Very common between March 17th and December 23rd.

Macro's:

Hepialidae

- 0015 **Orange Swift**: 27 dates between August 3rd and September 6th with 12 on 2 dates during August.
 0017 **Common Swift**: 36 dates between May 11th and June 27th with a peak of 21 on May 26th.

Cossidae

- 0161 **Leopard Moth**: Singles on July 10th and 17th.

Lasiocampidae

- 1634 **Lackey**: 1 – 6 on 31 dates between June 27th and August 10th.
 1635 **Ground Lackey**: 1 on August 3rd a new moth for the garden. Presumably a wanderer from Pegwell.
 1637 **Oak Eggar**: singles on July 20th and 26th.

Drepanidae

- 1631 **December Moth**: 1 on December 15th.
 1646 **Oak Hook-tip**: 1 on August 2nd a new moth for the garden.
 1651 **Chinese Character**: 1 on August 8th.
 1653 **Buff Arches**: 1 – 3 on 19 dates between June 21st and July 25th.
 1654 **Figure of Eighty**: Singles on June 5th, 7th, 8th and 15th.
 1657 **Common Lutestring**: 1 on June 17th.

Geometridae

- 1663 **March Moth**: Singles on March 13th, 17th and 18th.
 1669 **Common Emerald**: 1 – 8 on 26 dates between June 22nd and August 4th.
 1673 **Small Emerald**: 1 on July 12th.
 1680 **Maidens Blush**: Singles on August 11th and 23rd.
 1682 **Blood-vein**: 1 – 2 on 9 dates between June 5th and September 3rd.
 1689 **Mullein Wave**: 1 – 2 on 16 dates between June 1st and September 14th.
 1690 **Small Blood-vein**: 1 – 3 on 39 dates between June 21st and September 10th.
 1691 **Rosy Wave**: 1 on June 19th a new moth for the garden.
 1699 **Least Carpet**: Taken on 59 dates between June 20th and September 13th with a reasonably lowly high count of only 21 moths on July 21st.

1702 **Small Fan-footed Wave**: 1 – 2 on 7 dates between July 14th and August 7th.
1705 **Dwarf Cream Wave**: Singles on 5 dates between July 14th and August 13th.
1707 **Small Dusty Wave**: Taken on 49 dates between June 16th and September 23rd with a peak of 20 on September 7th.
1708 **Single-dotted Wave**: 1 – 5 on 23 dates between July 9th and September 8th.
1709 **Satin Wave**: 1 on June 16th.
1711 **Treble Brown Spot**: 1 – 3 on 9 dates between June 19th and July 1st.
1712 **Small Scallop**: 1 on August 9th.
1713 **Riband Wave**: 67 dates between June 17th and September 5th with a peak of 26 moths on 2 nights during July.
1720 **The Gem**: 1 on October 12th.
1724 **Red Twin-spot Carpet**: In May: 1 on 4th, 1 on 25th, 2 on 27th then singles on August 3rd and 6th.
1725 **Dark-barred Twin-spot Carpet**: 1 on May 15th then singles on August 3rd and 10th.
1728 **Garden Carpet**: 1 – 8 moths were taken on 77 dates between May 25th and October 16th.
1732 **Shaded Broad-bar**: 1 – 2 on 8 dates between July 1st and August 4th.
1735 **Ruddy Carpet**: 1 on July 6th.
1738 **Common Carpet**: 1 – 8 taken on 43 dates between May 20th and September 9th.
1740 **Galium Carpet**: Singles on June 22nd, 2 on 23rd, 1 on 28th and July 3rd, 14th then September 2nd and 3rd.
1742 **Yellow Shell**: 1 – 5 on 30 dates between July 14th and September 10th.
1745 **The Mallow**: Singles on 8 dates between September 19th and October 19th.
1752 **Purple Bar**: Singles on May 26th and 28th then June 14th, 16th, August 2nd, 10th, 2 on 15th then 1 on 20th.
1754 **The Phoenix**: 1 on June 11th, July 15th, 3 on 17th and 2 on 21st.
1757 **The Spinach**: 1 on June 27th and July 1st.
1758 **Barred Straw**: 1 on June 30th.
1764 **Common Marbled Carpet**: Taken on 42 dates between May 26th and October 26th with 7 on September 18th.
1765 **Barred Yellow**: 1 – 3 on only 6 dates between June 2nd and July 23rd.
1769 **Spruce Carpet**: Singles on October 8th and 22nd.
1776 **Green Carpet**: 1 on June 4th.
1777 **July Highflyer**: 1 on July 3rd and 19th.
1781 **Small Waved Umber**: Singles on May 27th, June 2nd, 4th, July 23rd, 27th, 28th, 30th then August 1st.
1782 **The Fern**: A very late specimen on September 13th.
1795 **November Moth {Types}**: 1 – 5 moths on 9 dates between October 28th and November 10th.
1799 **Winter Moth**: 1 on December 20th.
1803 **Small Rivulet**: 1 on August 19th.
1809 **Twin-Spot Carpet**: 1 on August 10th and new moth for the garden.
1813 **Haworth's Pug**: Singles on July 15th and 16th.
1816 **Toadflax Pug**: singles on 5 dates between July 12th and September 2nd.
1817 **Foxglove Pug**: 1 on July 14th a new moth to the garden.
1819 **Mottled Pug**: 1 – 8 on 16 dates between May 30th and July 1st.
1825 **Lime-speck Pug**: 1 – 8 on 72 dates between May 27th and September 22nd.
1827 **Freyer's Pug**: 1 – 5 on 11 dates between June 9th and July 10th.
1830 **Wormwood Pug**: singles on 8 dates between June 17th and August 11th.
1832 **Currant Pug**: 1 – 2 on 8 dates between June 2nd and September 9th.
1834 **Common Pug**: 1 – 12 on 33 dates between May 20th and August 8th.
1835 **White-spotted Pug**: singles on 5 dates between June 17th and August 11th.
1837 **Grey Pug**: Singles on July 10th, 16th, 19th and 27th.
1838 **Tawny Speckled Pug**: 1 – 4 on 9 dates between July 22nd and September 6th.
1839 **Bordered Pug**: 1 – 2 on 18 dates between July 6th and September 9th.
1840 **Shaded Pug**: 1 on July 16th.
1841 **Yarrow Pug**: 1 on July 16th.
1842 **Plain Pug**: 1 – 3 on 15 dates between June 29th and August 9th.
1849 **Ash Pug**: 1 on August 4th.
1855 **Cypress Pug**: 1 – 4 on 22 dates between August 3rd and September 10th.
1858 **V-Pug**: 1 – 2 on 10 dates between May 25th and July 29th.
1859 **Sloe Pug**: singles on June 7th and 9th.
1860 **Green Pug**: 1 – 10 on 17 dates between June 9th and July 15th.
1862 **Double-striped Pug**: 1 – 4 on 29 dates between April 13th and October 30th.

1867 **Treble-bar**: Singles on 3 dates between August 29th and September 10th.
 1883 **Yellow-barred Brindle**: 1 – 2 on 9 dates between June 5th and August 31st.
 1884 **Magpie Moth**: 1 on June 21st.
 1887 **Clouded Border**: 1 on August 7th.
 1890 **Sharp-Angled Peacock**: singles on August 10th, September 2nd and 5th.
 1893 **Tawny-Barred Angle**: 1 on August 23rd.
 1894 **Latticed Heath**: Singles on 5 dates between May 4th and August 25th.
 1906 **The Brimstone**: 70 dates between May 4th and September 28th with a peak of 20 on August 18th.
 1911 **Large Thorn**: Singles on August 28th, September 3rd, 6th, 7th and 9th.
 1917 **Early Thorn**: First generation moths on April 3rd, 12th and 19th then 2 on July 21st.
 1921 **Scalloped Oak**: 1 – 8 on 63 dates between June 25th and September 10th.
 1922 **Swallow-tailed Moth**: taken on 29 dates between July 1st and August 12th with a peak of 17 on July 14th.
 1923 **Feathered Thorn**: Singles on October 27th, 30th, November 2nd then December 2nd and 7th.
 1931 **Peppered Moth**: 1 – 2 on 9 dates between June 5th and August 1st.
 1934: **Dotted Border**: 2 on March 24th.
 1936 **Waved Umber**: 1 – 6 on 24 dates between May 20th and July 3rd.
 1937 **Willow Beauty**: Taken on 50 dates between June 27th and October 8th with a peak of 21 on September 6th.
 1941 **Mottled Beauty**: 1 – 2 on only 8 dates between June 22nd and August 26th.
 1944 **Pale Oak Beauty**: 1 on June 17th.
 1956 **Common Wave**: 1 on July 16th a new moth for the garden.
 1958 **Clouded Silver**: 1 – 3 on 11 dates between June 16th and August 4th.
 1961 **Light Emerald**: 1 – 3 on 16 dates between June 9th and October 4th.
 1968 **Yellow Belle**: singles on May 25th then September 1st and 4th.

Sphingidae

1976 **Privet Hawk-moth**: 1 on June 17th.
 1979 **Lime Hawk-moth**: 1 – 2 on 10 dates between June 1st and July 27th.
 1980 **Eyed Hawk-moth**: Singles on June 4th, 30th, July 14th and 16th.
 1981 **Poplar Hawk-moth**: 1 – 2 on 13 dates between July 3rd and August 5th. Also a very late specimen (for the garden anyway?) on September 3rd.
 1991 **Elephant Hawk-moth**: 1 on June 11th then 2 on 18th, 3 on 19th, 4 on 20th and 1 on 29th.
 1992 **Small Elephant Hawk-moth**: Singles on July 5th and 13th.

Notodontidae

2000 **Iron Prominent**: 1 on July 23rd.
 2003 **Pebble Prominent**: 1 on May 25th then July 29th and 31st.
 2007 **Swallow Prominent**: May: 2 on 7th and 1 on 18th, June 12th, 14th then 1 – 2 on 5 dates between August 3rd and 26th.
 2011 **Pale Prominent**: Singles on May 25th, June 16th, 17th, 20th, 22nd, 27th then August 2nd and 8th.
 1994 **Buff-tip**: Singles on June 26th, 29th then July 9th, 12th, 21st and 23rd.
 1995 **Puss Moth**: Singles on June 1st and 4th.
 1997 **Sallow Kitten**: singles on May 25th and August 4th.
 2018 **Scarce Chocolate-tip**: 1 on August 27th a new moth for the garden.

Lymantriidae

2026 **The Vapourer**: Singles on 5 dates between June 15th and October 6th.
 2028 **Pale Tussock**: 1 on June 4th and 17th.
 2029 **Brown-tail**: 1 – 9 on 39 dates between July 6th and August 20th.
 2030 **Yellow-tail**: 1 – 3 on 15 dates between July 2nd and August 13th.

Arctiidae

2035 **Round-winged Muslin**: singles on July 14th and 17th new moths to the garden.

- 2044 **Dingy Footman**: 1 – 3 on 12 dates between July 14th and August 13th.
 2047 **Scarce Footman**: 1 – 3 on 31 dates between July 12th and August 30th.
 2050 **Common Footman**: 39 dates between June 23rd and August 28th with a peak of 15 on July 17th.
 2057 **Garden Tiger**: Singles on August 6th, 7th and 14th.
 2060 **White Ermine**: 1 – 6 on 24 dates between May 9th and July 12th.
 2061 **Buff Ermine**: 1 – 18 on 61 dates between June 4th and August 9th.
 2063 **Muslin Moth**: No records until May 4th – I can only assume I forgot to write down any April records? In May 5 moths on the 4th was the peak with the last one on May 18th. Also 2 on June 4th.
